

The game is played in groups of 3-4.

Each player receives 4 cards.

The rest of the cards are placed in a pile face down.

The aim of the game is to collect sets of 6 cards according to the categories.

Each player in turn asks another player : do you have(the name of the category)?

if he says no- the player takes a card from the pile and the turn moves on.

If he says yes-then the first player continues to ask: do you have....(the specific item that he needs)

if the answer is yes- the second player gives the card to the first one and the first player can continue asking: do you have more?..

The winner is the player who has collected the most groups - categories.
